12 September 1960

Dear Dan:

A proposal has been submitted for the addition of two parabolic reflectors to the present system. These are 15 ft. diameter dishes with an F/D ratio of 0.5, suitable for transmission of 1,400 mc, feed supports and ring to be included.

25X1A

Your technical people have reviewed the proposal and have agreed to the need. Your authorization is now necessary to proceed with the work.

Very truly yours,

25X1A
